

# TwinsUK: a study of health and ageing from cells to society

**ISMB**  
Institute of Structural  
and Molecular Biology

Professor Claire  
Steves

**TwinsUK** is the UK's largest study of adult twins who have contributed their health data over up to 30 years. **Claire Steves**, together with twins involved in the studies – **Yvonne Haines** and **Sandra Coles**, will talk about how this collaboration between scientists and participants has contributed to understanding of how we can stay healthy as we age.

We are delighted to invite you to a special ISMB Seminar.

**Friday 6<sup>th</sup> June, 15:00-17:00**

Venue: **JZ Young Lecture Theatre, UCL Anatomy Building, Gower Street, London WC1E 6XA**

Host: **Professor Franca Fraternali**

If you wish to attend, please register via **Eventbrite**.

The event will be followed by a drinks reception.
